

GLOBAL METAL SOLUTIONS

A world of innovation delivered one solution at a time.

MARUBENI-ITOCHU STEEL AMERICA INC.

Our Philosophy:

Understanding your needs.

Exceeding your expectations.

Marubeni-Itochu Steel America Inc. is an iron, steel and metal products distributorship with a fully integrated network of subsidiary and affiliated processing facilities and sales and service offices strategically located in the United States, Canada and Mexico with liaison offices in South America.

MISA is committed to being the best and most innovative metal supply chain solution – both for organizations who work on a global basis and for companies right next door.

We are dedicated to understanding and exceeding your needs and expectations for effective, responsive and dependable quality, delivery and service, while remembering that safety is our most important responsibility.

MISA contributes to society through distribution of high-quality metal products that help make the world a better place. We have always been committed to conducting our business with integrity, in accordance with the highest ethical standards, and in compliance with all applicable laws and regulations.

Delivering the best in total value.

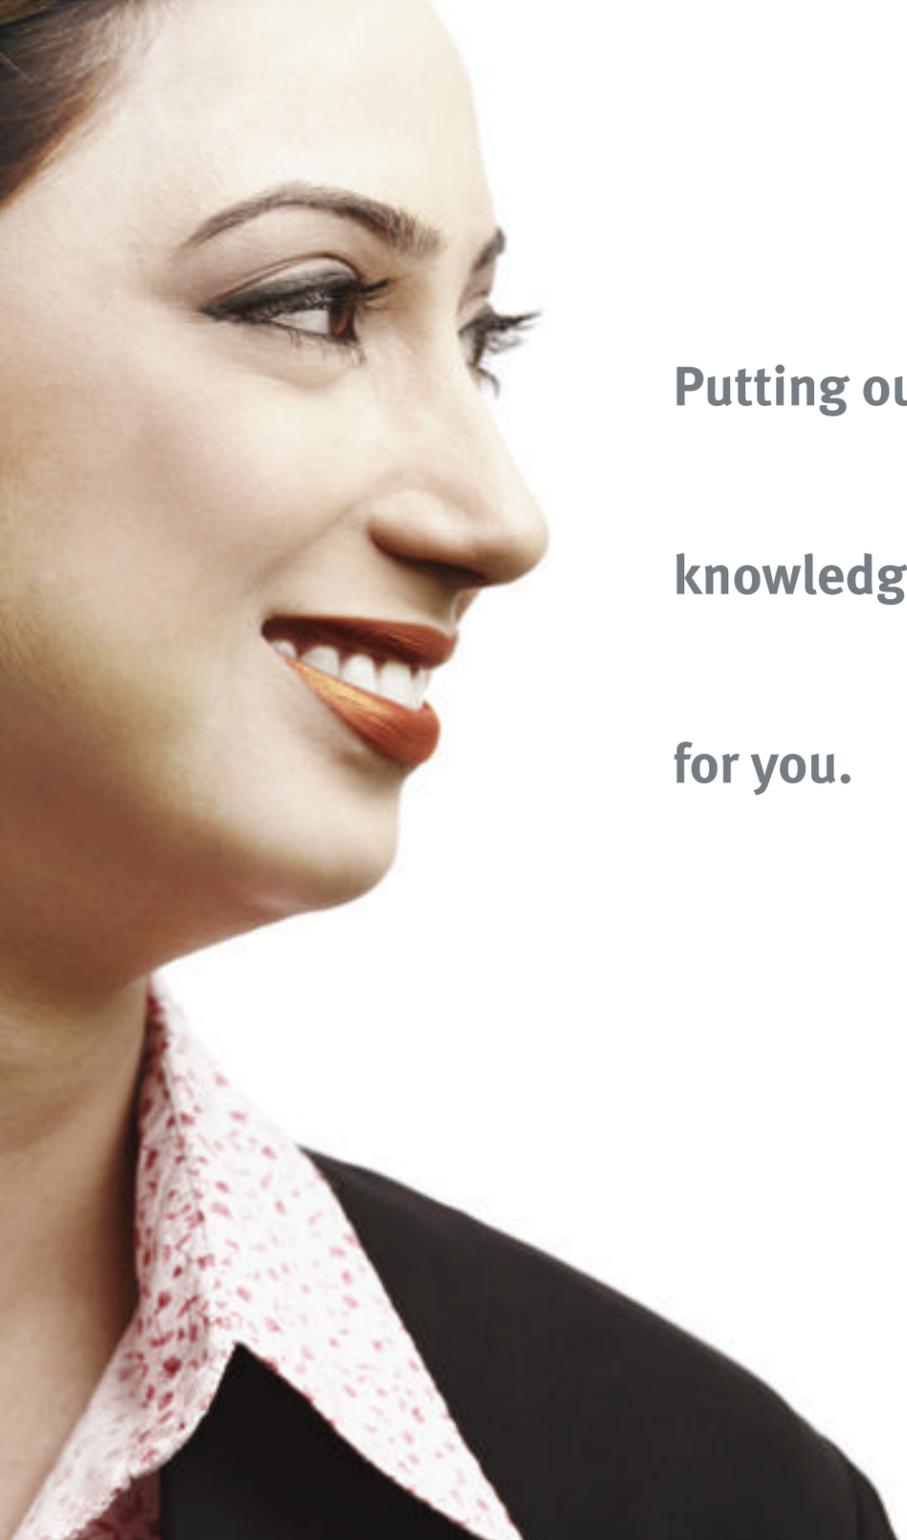

GLOBAL METAL SOLUTIONS

MISA strives to deliver total value at every stage – including sourcing, logistics, delivery and processing.

Our financial strength and just-in-time logistical ability enable us to purchase, warehouse, manufacture and deliver product to your plant floor when you need it – exactly to your specifications. That way, you can keep your overhead costs to a minimum while ensuring a steady supply of materials for your operation.

You can be assured you will receive the highest quality at competitive pricing. Quality that arrives on time and according to specifications.

Putting our
knowledge to work
for you.

MISA prides itself on consistently delivering quality at every stage – from our processes and people to the final materials we deliver.

We do this through:

- **Market knowledge**
- **Global trading through our parent company, Marubeni-Itochu Steel Inc.**
- **A broad supply base**
- **Multiple processing and manufacturing capabilities in key locations**
- **Logistics excellence**

A GLOBAL SOURCING NETWORK.

Through our parent company, Marubeni-Itochu Steel Inc., we have the ability to source the metals you need for your operation throughout the world.

Our metal is delivered according to your specifications. We have the logistics to deliver directly to your plant.

**SUPPLY DEPENDABILITY.
WHEN THERE'S NO ROOM
FOR COMPROMISE.**

We deliver what you need – where and when you need it. There can be no compromise when it comes to meeting these expectations. After all, you don't compromise your standards. Neither do we.

**THE HIGHEST QUALITY SOLUTIONS.
AT EVERY STAGE OF THE PROCESS.**

You set the standards for quality at MISA. Our job is to meet and exceed those standards – consistently. Job after job. Order after order.

**SERVICE. AT THE HEART OF
OUR BUSINESS.**

At its core, our business is much more than metal. It also embraces outstanding service. That means understanding your needs, and exceeding them at every stage of our relationship.

Global knowledge and trading capabilities right to your door.

Supply trends in a distant part of the globe can have a profound impact on your operation. That's why we are constantly monitoring industry trends and applying that understanding to your operation and your metal needs.

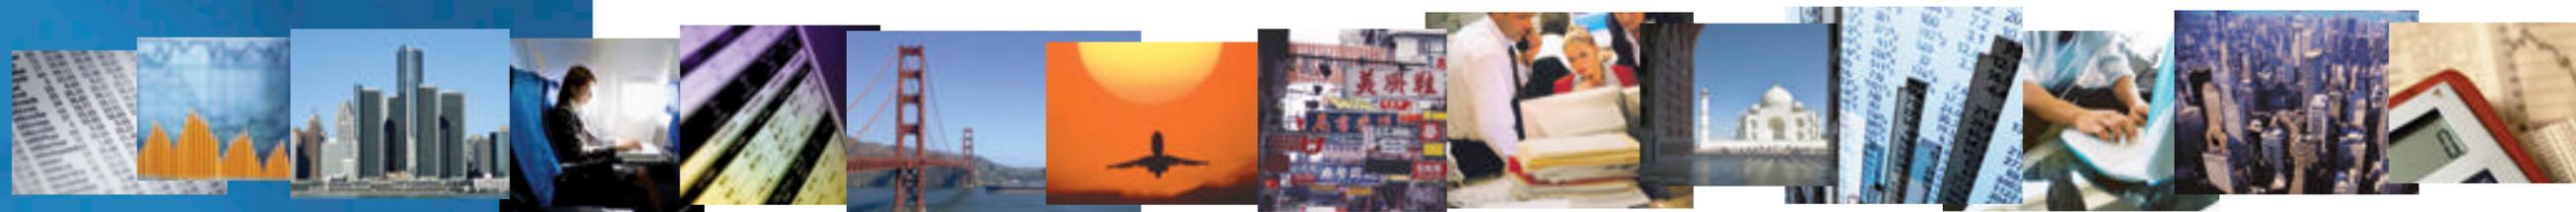

BUT IT'S MORE THAN JUST SPREADSHEETS AND CALCULATORS.

At MISA, our learning also comes from the boardroom and the plant floor.

We keep close, on-the-ground contact with customers, suppliers and sector experts. That way, we gain a deep understanding of your business, the impacts of foreign and domestic market trends, and developments and policies that can affect your production.

The extensive knowledge and valuable relationships we have built help ensure your metal requirements are met – whether in a trading capacity or in just-in-time delivery of processed metals or products.

At MISA, our knowledge begins locally with your needs and reaches around the globe to deliver the best in quality and value.

MISA offers comprehensive, global supply programs designed to support your logistical and material requirements.

The MISA advantage. Total Supply Chain Management.

- Through our parent company, MISI, we have built strong relationships with mills throughout the United States and in every part of the globe – giving us the ability to better guarantee delivery.

- We move that supply where it's needed – by ship, rail or road – with MISA experts tracking these shipments every mile of the way.

- Our ability to warehouse materials means you can be confident of delivery without the headaches of inventory.

- Our extensive processing and inventory management capabilities in key markets mean we can deliver it right. To your door and to your specifications.

- Our MISA Logistics Department constantly tracks orders, from inception through production and delivery, so materials arrive on time.

You can choose from one or all of these abilities to suit your needs and be confident in our delivery advantage.

GLOBAL METAL SOLUTIONS

GLOBAL METAL SOLUTIONS

MISA is a trusted provider of quality metal solutions to some of the world's most demanding businesses – from multinational corporations to those who aspire to be.

Processing quality metal solutions. On spec. On time.

Every MISA customer has one thing in common. Like you, they expect the best in quality and value order after order. That's why they are MISA customers.

Whatever your needs, whether it's automotive, construction or cans and containers, we can deliver your metal supply while helping reduce downtime, line shutdowns and cost overruns.

THE IMPACT OF MISA IS EVERYWHERE:

- **Automotive**
- **Pipe and Tube**
- **Shipbuilding**
- **Construction**
- **Electrical**
- **Appliances**
- **Industrial Equipment**
- **Machinery**

Through our global network and resources, we offer a complete range of processing, fabricating and roll forming capabilities.

Coil processing and blanking capabilities.

Through our subsidiaries and affiliates, MISA is capable of blanking both exposed and unexposed materials to meet your needs. Our ability to cut metal coils in the shapes you need allows for greater finished product savings.

CAPABILITIES:

- Slitting
- Cut-to-Length
- Shearing
- Coil Inspection
- Coil Processing
- Blanking
- Stamping
- Tension Leveling

Global network. Local knowledge.

Knowledge

Whether it's a company with an international presence or a smaller organization in the next state, all of our customers look to MISA to meet and exceed their needs for quality metal products.

Global trading capabilities

Quality

It's a total value approach at every stage, including sourcing, logistics, delivery and processing. Through our parent company, MISI, we source the metal you need on a global basis, delivering it where and when it's needed and to your exacting standards.

Dependability

Service

And the foundation of our approach is customer service that ensures quality at every stage of the process.

Financial strength

That's the MISA standard – a strong network strategically located to bring you the metal solutions you need for your operation.
